Leadership Giving ...

You don't have to be a top company executive or command a six figure salary to become a United Way Leadership Giver. In fact, many Leadership Givers are people who commit themselves to a pledge of \$10 a week.

With United Way, you're making more than a donation... you're making a difference.

2008 Genesee Country United Way / Red Cross Campaign

Giving to United Way is one of the most efficient ways of providing charitable support. Your contribution goes where it will do the most good, helping those most in need in Genesee County. Local volunteers identify community needs, evaluate service providers, and assess the impact and results of programs. United Way funds programs that get results.

By giving to the Genesee Country United Way each year, you are using local dollars to provide local services. You are helping provide support to 19 programs that provide services that positively impact our community.

Thanks to your support of United Way...

- Youth in our community are learning to make healthy life choices with the assistance and support of adult mentors.
- Children have safe before and after school environments that encourage further learning and development.
- People are receiving literacy training which will provide them with new opportunities for success.

If you already give, 50 cents more a week will do so much to help people in need.
If you've never given before, \$1.00 a week is a great place to start.
